

For better or for worse we enter the Sign Aquarius -
The New Age is the age of Man, Humanitarian.
The Star we see is just as great as that of old, reflecting
in the lines of Man DIVINITY Incarnate.
Our message then by symbol clear proclaims the New Age to you
here through influence Uranian.

1st Child: But Sir! No words we utter or employ can fitly tell the
peace and joy that comes from Brotherhood.
Therefore to enhance our Play
We call our Dance to lead the way to its fulfilment.

Procession proceeds down the centre aisle where all group
round the Crib. 2nd and 3rd verses of Carol 16.

2nd Child. Is this the Babe, is this the humble Home where he must live?

1st Child. See, there is the Carpenter, the working man who deftly plies
his trade.

Lector. Yes, all are here, the Babe, the Mother, and the Home.
(Reader here mounts the font steps and faces up the Church).
Brethren, in outward figure fashioned by the art of man
we call to mind the poverty and want attendant on the birth
and life of One who shows for ever that the world needs
fellowship in just those things we all most need. The poor,
the workless and the outcast souls and bodies call out in
judgement, that we too have found no room for Him, who wants
none else than this, that we should find His likeness in
the common scenes of life - Come, let us pray and strive to
be at one with Him.

(Reader and Children kneel before the crib, all kneel in
their places.

~~Cease fighting and contending for the largest part, but~~
share together and then, maybe, we too may hear the Angels'
voice.

Pause. Then Angel from the gallery says:-

Angel.

Glory be to God on High and on Earth Peace to Men of
Goodwill.
